All:

Personal Matters / Ex. 6 a retired EPA employee and resident of Delaware, has been talking with Brian Hamilton, Delaware liaison OCGR, about several issues, including Mountaire Farms issues, TMDLs, biosolids, etc. and is concerned that EPA is not better “managing” (my word) DNREC in several environmental concerns.

Brian was asking if we could help out in drafting a response letter to Personal Matters / Ex. 6
What was decided is that Brian would contact Personal Matters / Ex. 6 to ask if he can put his questions (and complaints) in writing so that we can better respond to him.

As stated, at this time there is no action for you to take, but we may be asking for your help in the near future.

Thank you,
Nan
